

ELKS TO HOLD LODGE OF SORROW ON THE MORROW

PUBLIC MEMORIAL DAY SERVICES AT THE NEVADA THEATRE

"The faults of our brothers we write upon the sands of time; their virtues upon the tablets of love and memory."

The virtues of the absent brothers of Tonopah Lodge No. 1062 B. P. O. E. will be properly exemplified tomorrow afternoon at the memorial day services of the order which are to be held at the Nevada theatre. On this great day every Elks lodge in the United States and island possessions will hold like services to commend the memory of those who have departed.

The services of the local Elks will start promptly at 2:30 o'clock. The doors of the theater will be thrown open to the general public at 1:30 and the members of the order, who will act as ushers, will be on hand at that time. The Elks will meet at their Elk home at 2 o'clock and then march in a body to the theatre.

The principal address will be delivered by the Hon. F. H. Norcross, chief justice of the Nevada supreme court. Mr. Norcross will arrive from Carson on the noon train and will be met at the depot by a committee from the lodge. He is an eloquent speaker and well adapted to handle the subject of the oration. Hon. H. R. Cooke, of this city, will deliver the eulogy.

One of the most impressive parts of the ceremony is the calling of the roll of the honored dead. In this respect Tonopah has been most fortunate for the roll call of those who will answer no more includes but one name, that of Charles Lewis Hammond, who died on January 14, 1910.

SUSPENDED IN MIDAIR FROM A MEAT HOOK

OAK PARK MAN IN SERIOUS
CONDITION FROM
SHOCK

SACRAMENTO, Dec. 3.—Suspended in midair and hanging by an arm pierced by a meat hook, Fred Walker, proprietor of a meat market at 3331 Magnolia avenue, Oak Park, and brother of a Sacramento restaurant man, was held in agony this morning until his cries brought aid and he was released from his painful situation. Walker lies at his home, 2714 Second avenue, Curtis Oaks, in a serious condition, as a result of the injuries to his arm and the shock.

Walker was alone in the shop at the time of the accident. Standing on a short stepladder he was attempting to remove the meat hook from the wall, preparatory to closing up the shop and going out of business. In some manner which he is unable to explain, his foot slipped from the ladder and he was left suspended, with the sharp point of the hook piercing his arm. His frantic cries for help were heard by a passerby and he was released, and a physician summoned.

His arm is severely lacerated, but unless blood poison sets in he is expected to recover.

POSTAL TEAM ALMOST DEFEATS TONOPAH DRUG

BOWLING TOURNAMENT LAST NIGHT WAS FULL OF INTEREST

Although the Postal bowling team scored the greatest number of pins in the three games played last evening with the Tonopah Drug team, the telegraphers lost the series. The first game resulted in the Postals losing by nine pins, but the second was a victory with 137 pins. The third was all for the pill mixers, who won by 50 pins. During the evening the excitement was intense as both sides had a good aggregation of rooters on hand to help in the good work.

Regarding the contest Captain Percy Oke, of the Postals, remarked this morning that he had nothing to say, further than that it was not the best team that had won.

The next contest will take place this evening when the Banking Corporation will be matched against the Extensions.

ERROR IN FRANCES MURKIN

SUPREME COURT REMANDS THE CASE BACK TO LOWER COURT

CARSON CITY, Dec. 3.—The supreme court yesterday handed down a decision in the famous Goldfield Mohawk Mining company versus the Frances-Mohawk Mining and Leasing company case in which the sum of \$200,000 is involved, and remands the case back to the lower court. The decision is quite long, covering fifteen pages of closely typewritten matter and was written by Judge Sweeney and concurred in by other members of the court.

In its finding the court said: "Being of the opinion that the trial court erred, under his erroneous conception of the law, in failing and refusing to pass upon the motion for a new trial, insofar as the ground interposed by the defendant on 'insufficiency of evidence to justify the verdict,' because, according to this personal view entertained, he did not deem it his privilege or duty to consider this matter for the reason it had been passed upon by a jury, and believing that justice demands that the lower court should pass upon this motion for a new trial, it should be, and the same is hereby set aside, with instructions to the court below to consider and pass upon the ground for a new trial interposed by defendant 'of the insufficiency of the evidence to justify the verdict,' for which purpose the case is herewith remanded."

LOCAL MEDICOS HAVE FORMED A PARTNERSHIP

TWO PROMINENT PHYSICIANS
EFFECT CONSOLIDATION
OF PRACTICE

On the first of this month a partnership was formed between Dr. E. S. Grigsby and P. J. McDonnell, and now the two medicos are furnishing joint offices in the State Bank and Trust building. Dr. Grigsby needs no introduction to the people of Tonopah or southern Nevada, while despite his short residence of about seven months Dr. McDonnell is nearly as well known. Dr. McDonnell graduated with the degree of A. B. at the Wesleyan university of Middleton, Conn., and afterwards received his degree from the Johns Hopkins Medical of Baltimore. He served eighteen months with the Providence hospital of Washington, D. C., where his practice was chiefly in the surgical line. Later he was with the Manhattan Maternity hospital of New York and with the Seaside hospital for children at Staten Island. A special term in medicine was secured from the Kings County hospital at Brooklyn.

The services of both physicians have been greatly in demand and that they have been successful in administering to the ills of others is demonstrated by their present practice. Dr. Grigsby on his arrival in Tonopah about a year ago assumed the practice of Dr. C. L. Hammond.

The new offices will be located on the first floor of the State Bank building.
